

SENATORS ASK FAIR PLAY FOR REBELS

Smith of Arizona and Fall of New Mexico Insist That United States Raise Embargo and Permit Foes of Huerta to Import Munitions and Carry on Fight in Southern Republic.

(By Federal Wireless Telegraph.) * * * * *

MONTEREY, Mexico, October 21.—(Special to The Advertiser)—Three hundred persons were arrested at Monterey today charged with plotting to turn the city over to the rebels. The bullpen is filled with political prisoners as a result of Huerta's iron handed methods. *

URGE RECOGNITION OF MEXICAN REBELS

PINKHAM WINS IN COMMITTEE

Governor Frear Worked for Him and This Assistance Helped Sen. Pinkham to Agree on His Appointment—Confirmation by Senate Expected in a Few Days.

WASHINGTON, October 21.—(Special Cable to The Advertiser)—The Committee on Pacific Islands and Ports also today reported favorably on the nomination of L. E. Pinkham as Governor of Hawaii. It is probable that the Senate will confirm the appointment within a few days.

Governor Frear, it is understood, did much to advance the cause of Mr. Pinkham and his conferences with the President and others helped to form the favorable report made yesterday by the committee. *

WALKER.

At ten o'clock yesterday morning there was an extra session, not on the regular program. The meeting was called to take up unfinished business, and Mr. McAllister of Pioneer Mill, completed the talk on milling commenced Monday morning.

Tour of Inspection.

The morning was largely devoted to an inspection of the floating drydock which the Inter-Island company is installing on the waterfront opposite the Honolulu Iron Works, the Honolulu Rapid Transit Company's power house on Alakea street, and the Hawaiian Electric Company's plant on Alakea street. At the Hawaiian Electric Company's plant the engineers watched the installation of a new turbine engine.

At the drydock, Superintendent Sheedy escorted the engineers over the plant, which will represent a cost of \$400,000. He explained that it would be large enough to handle a vessel the size of the Wilhelmmina, and would be ready for this or any other service within a month. Under the direction of Mr. Sheedy a demonstration was given with the sand blasting machine, which is used to scour the metal parts of the deck before being painted. The painting of the wings alone will cost \$10,000. He also explained that ten of the ten-inch centrifugal pumps will be used in raising the dock after a vessel has been placed in the chocks. The pumps are to be driven by a couple of 200-horsepower electric motors to be furnished by the Hawaiian Electric Company.

At the rapid transit power house the visitors were conducted through the plant by General Manager Ballentyne and Chief Engineer McNaugh. The intricate power producing machinery was greatly admired by the engineers. Chief Engineer McNaugh has been in charge of the plant since it was established nearly twelve years ago. While there a group picture was taken of the visitors.

Final Meeting in Afternoon.

At the afternoon session the third and final meeting took place, being presided over by R. R. Hind. Two papers were read, one by H. S. Truscott of Makaha, on labor saving devices and items of general interest to the engineers, and a paper by J. E. Kennedy of Makaha, on vacuum pans and the sugar room.

Henton Hind, who presided at the session was a keen observer as instances by the manner in which he asked for discussion of the two papers, his intimate knowledge of the systems favored by each engineer giving him opportunities to call for varied opinions.

At the conclusion of the afternoon session an adjournment was taken to the evening, with a stern injunction by the chairman to be present at the banquet at the Commercial Club.

Calandria Pan Favored.

Mr. Kennedy's paper was so complete and embodied the opinions of the engineers so well that the discussion on the subject was hardly necessary. The points of interest in the paper indicated that the mill engineers of the Territory are very conversant with the technical end of the business as well as with the engineers' end. His paper was the longest that had yet been presented, but was absorbing in its interest to the engineers.

The members of the eleventh annual convention of the Engineering Association of Hawaii adjourned last night and will separate to take up today and for each of the days to come the problems of the day's work, enthused with the spirit of community of effort for the common good of this great Territory of Hawaii.

Eleventh Annual Menu.

The following is a copy of the menu:

To be of good cheer, partake of good cheer.

A great destiny demands a generous diet.

Mixed Juice Cocktail

Papaya au Waste Molasses

Packing Olives Radio Rolls 41" Diam

Parse Tomato Extraction 102%

Uluia a la Hongroise Bagasse

Concombre Washers Pommes Eccentrie

Croquettes de Veau au Jambon Purity 29%

Sour Water

Ponehe Cardinal a la Syrup 72%

Syrupose

Capon Roti a la Vacuum 32"

Carbonized Juice

Haricots Verts Glands

Pommes Persilable Confiture Rod

Eaten Tomato Mayonnaise Fiber 21%

Glace an Alcoole Sacre 27%

Cafeen Press Cake

Fruits Entrainement Dessert in Pan

Froimage Hydrante Ram 1000 Tons

Cafe Noir Clarifier

Bolts and Nuts

Cigaro 20% Cig

Delegate Express Appreciation.

At the conclusion of the banquet last night the engineers assembled at the roof garden of the Young Hotel where a rousing vote of thanks was extended to the people of Honolulu by the engineers from Hawaii, Maui and Kauai for the interest they have taken not only in the late convention but in the welfare of the visitors.

The members of the engineers' association request that all members of the association who can possibly do so be at the Inter-Island wharf this morning before ten o'clock to bid the parting guests adieu on their homeward voyage.

Plenty of Evidence of their worth.

Mrs. B. Halverson, 555 Santa Cruz St., San Pedro, Cal., says: "I was born for quite a while by kidney trouble and pains in my back. Dunn's Backache Kidney Pills gave me the quickest relief I had ever found from medicine. We keep Dunn's Backache Kidney Pills on hand all the time. If I begin to have pain in my back or kidneys show signs of being disordered, I at once take them. They soon check the attack. My little son was severely afflicted with kidney trouble. He was swollen from his head to his feet. He had severe pains in his back, and his kidneys were weak and disordered. The doctor said the trouble was bordering on Bright's disease. We began giving him Dunn's Backache Kidney Pills and they cured him. That happened when he was six years old, and since he has been cured there has been no sign of trouble. One other in our family has had Dunn's Backache Kidney Pills with good benefit."

Dunn's Backache Kidney Pills are sold by all druggists and storekeepers at 25 cents per box (six boxes \$1.50), or will be mailed on receipt of price.

Act Quickly

Delay Has Been Dangerous in Honolulu.

Do the right thing at the right time. Act quickly in time of danger.

In time of kidney danger, Dunn's Backache Kidney Pills are most effective.
